## **Pala Casino**

Guests at Pala Casino enjoyed Jeffrey and Miss Amber's comedy juggling show at the Infinity Theater on October 11th. It wasn't until after the show that we learned that Amber's on stage helper was a respected Pala Tribal Elder!

Special thanks to GK Halverson of Tallen Productions and Julia at Pala Casino for making the arrangements!

## **CarnEvil Show**

Jeffrey and Amber made a special appearance to promote the opening of EVE Gallery's creepy carnival art. Drawing from classic carny techniques they pulled crowds in

from the street to see original carnival themed art with a twist, authentic 1950s props, and even a "FeeJee Mermaid"!

This month marks Jeffrey and Amber's 4th Wedding Anniversary!

## **Easy Assembly**

Building on the success of the Science of Juggling school program, Jeffrey has just launched a new agency representing variety performers with their own school programs. Our goal is to simplify the process of connecting California schools with quality educational programs.
